

**2012-2013**  
**MATH 150's COURSE ASSISTANT POSITIONS (VCA)**

**VCA Position Qualifications**

Applicants for VCA positions should have had Honors Calculus, Math 16100-16200-16300, or Math 19900 or higher level mathematics courses. While this job is primarily about correcting homework papers, VCA's are also expected to attend the weekly afternoon or evening problem session associated with their assigned section. These problem sessions will be scheduled at the beginning of each quarter.

Please fill out and return the following single page application, either by email to [diane@math.uchicago.edu](mailto:diane@math.uchicago.edu), or by bringing a completed application to E 211 or E 212. Applications are due Friday, June 1. Assignments should be made over the summer.
