It is the policy of the Department of Mathematics that the following rules apply to final exams in all undergraduate mathematics courses:

1. The final exam must occur at the time and place designated on the College Final Exam Schedule. In particular, no final examinations may be given during the tenth week of the quarter, except in the case of graduating seniors.
2. Any student who wishes to depart from the scheduled final exam time for the course must receive permission from Paul Sally (office is Ry 350, phone is 2-7388, email is [sally@math.uchicago.edu](mailto:sally@math.uchicago.edu)). Instructors are not permitted to excuse students from the scheduled time of the final exam except in the cases of an Incomplete or a graduating senior.
