General Policy: There will be two in-class hour tests and a final exam. Homework will generally be assigned twice a week and due in class on Friday unless specified. Late homework will not be accepted. You are allowed to discuss homework and work with your classmates, but you have to write your own solutions using your own words. There might be some pop quizzes from time to time. The problem session is on Wednesdays 7-8 in E 308.

The breakdown for the final grade will be roughly:

- Homework and Quizzes, 10% of the total
- In-class Tests, 25% each
- Final Exam, 40%.

Important Dates:

Hour Test 1: Friday, October 21st (week 4)

Hour Test 2: Friday, November 11th (week 7)

Final Exam: Monday, December 5th, 10.30-12.30

It is the policy of the Department of Mathematics that the following rules apply to final exams in all undergraduate mathematics courses:

1. The final exam must occur at the time and place designated on the College Final Exam Schedule. In particular, no final examinations may be given during the tenth week of the quarter, except in the case of graduating seniors.
2. Any student who wishes to depart from the scheduled final exam time for the course must receive permission from Paul Sally (office is Ry 350, phone is 2-7388, email is sally@math.uchicago.edu). Instructors are not permitted to excuse students from the scheduled time of the final exam except in the cases of an Incomplete or a graduating senior.
