Dear All,

Here is your HW 3. (It is no longer optional, because no one showed up in yesterday’s problem session.)

I have to make sure people are learning math everyday (sorry, just my job, nothing personal.)

Please watch all these 4 videos and discuss them with at least two of your classmates.

(If you can not find classmates to discuss the videos, please discuss them with me during office hours.)

After you have done it, please send me an email consisting of the following information

1) All the names of the classmates who you have discussed the videos with.

2) Which video is your favorite and why?

If you did not send me an email by the end of Monday, your HW3 grade will be zero (which is totally okay.)

Best,

Boming
