

SUMMER 2015 UNIVERSITY OF CHICAGO REU PROGRAM
(acceptance form for University of Chicago students)
Apprentice 5 week program

CHECK ONE:

I will participate in the program; I understand that it is my responsibility to attend at least the talks in the apprentice program and to do any work expected by its teacher and to meet at least twice a week with my mentor(s). I will be present June 22 through July 17, 2015, and I will not engage in any other employment during that period without the explicit approval of the program director. The program will be fully operational through July 24, and attendance for five weeks is very strongly recommended although not required. I understand that I am welcome to attend and participate in the program through August 14. I also understand that a final short paper (expository or research) is required. I will submit a first draft by August 17 and a final draft by August 28, without fail.

I will not participate in the program
