**Reference:** Enderton, A Mathematical Introduction to Logic, Second Edition. Other books you may find useful are on reserve in the Math Library.

**Grading scheme:** 35% homework, 25% midterm, 40% final.

Homework will be assigned most weeks; we will count the best 7 homework scores towards your homework grade.

*Homework will be assigned in class and will be due the following Monday at 3pm in Mr. Astor's box.*

**Midterm:** Thursday, October 21 in class. Please speak to me as soon as possible (and no later than October 8th) if you anticipate an unavoidable conflict with this date.

**Final Exam:** Thursday, December 9th, 10:30-12:30, location to be determined.

## 1. FINAL EXAM POLICY

It is the policy of the Department of Mathematics that the following rules apply to final exams in all undergraduate mathematics courses:

- The final exam must occur at the time and place designated on the College Final Exam Schedule. In particular, no final examinations may be given during the tenth week of the quarter, except in the case of graduating seniors.
- Any student who wishes to depart from the scheduled final exam time for the course must receive permission from Paul Sally (office is Ry 350, phone is 2-7388, email is sally@math.uchicago.edu). Instructors are not permitted to excuse students from the scheduled time of the final exam except in the case of an Incomplete.
