

SUMMER 2012 UNIVERSITY OF CHICAGO REU PROGRAM
Apprentice 5 week program

CHECK ONE:

I will participate in the program; I understand that it is my responsibility to attend at least the talks in the apprentice program and to do any work expected by its teacher and to meet at least twice a week with my mentor(s). I will be present June 18 through July 13, 2012 and I will not engage in any other employment during that period without the explicit approval of the program director. The program will be fully operational through July 20, and attendance for five weeks is very strongly recommended although not required. I understand that I am welcome to attend and participate in the program through August 10. I also understand that a final short paper (expository or research) is required. I will submit a first draft by August 13 and a final draft by August 24.

I will not participate in the program
